Cognitive Assessment Training NOW ONLINE

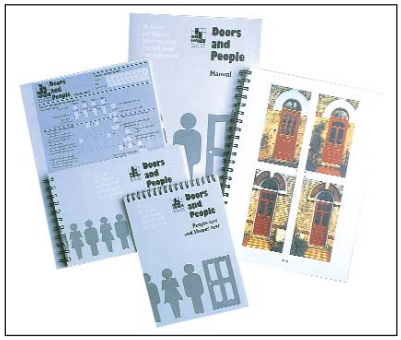
College of Occupational Therapists

CAT-6

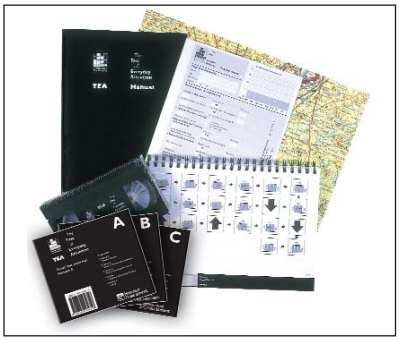
This online training package enables professional therapists to use certain neuropsychological assessments usually restricted to psychologists

Training for:

Behavioural Assessment of the Dysexecutive Sydnrome (BADS)



Doors and People



Test of Everyday Attention (TEA)

NOW AVAILABLE

Training details:

- The training costs £170 + VAT
- This will give you access to online training for any or all of the three products
- You will also need to be able to access hard copies of the products you wish to train on.
- Expected completion time for the whole course is about 5 hours online learning, with a further 3 hours self-directed.

Training includes:

- In-depth background on statistical concepts important for test selection, administration, scoring and interpretation
- Information on theoretical aspects of the featured tests and practical guidance on administration, scoring and interpretative issues to facilitate the therapist's selection and application of standardised assessments with service users.
- Multiple choice questions to assess a candidate's understanding of statistical concepts and the tests involved in the training
- Certification on completion to use BADS, Doors and People and TEA.

Training features:

- The program enables you to learn at your own pace in the convenience of your home or office
- Access to online tutor
- Discussion forums
- Library of relevant resources.
