**Directions**

Please answer the questions on this form based on your child’s typical behavior during the past month. Use the following rating scale:

**Never**: the behavior never or almost never happens

**Occasionally**: the behavior happens some of the time

**Frequently**: the behavior happens much of the time

**Always**: the behavior always or almost always happens

Circle the **one** answer that best describes how often the behavior happens. Try your best to answer all of the questions. Several questions ask whether your child shows “distress” in certain situations. Showing distress may include verbal expressions (whining, crying, yelling) or nonverbal expressions (withdrawing, gesturing, pushing something away, running away, wincing, striking out).

You may use the space provided on the left to add any comments on your child’s behavior or functioning.
