

Press Release – IMMEDIATE RELEASE 24.03.17

OUTSTANDING NEWARK-ON-TRENT FOUNDATION UNIT HONOURED AT SHINE A LIGHT AWARDS FOR ITS COMMITMENT TO DEVELOPING CHILDREN'S COMMUNICATION

The Foundation Unit at Bishop Alexander L.E.A.D. Academy in Newark-on-Trent has been awarded the Early Years Setting of the Year Award at an awards ceremony in London for its continued commitment to developing its pupils' communication skills. The **2017 Shine a Light Awards**, run by Pearson in partnership with The Communication Trust, took place on 23rd March 2017 and were hosted by singer and theatre star Gareth Gates.

The 2017 Shine a Light Awards is a national awards scheme that celebrates innovative work and excellent practice in supporting children and young people's communication development.

The Foundation Unit, together with the wider school, has shown commitment to developing communication skills to ensure every child is given the best start at school. The unit ensures that all pupils have access to communication-friendly spaces, both indoors and outdoors, such as their mud kitchen, digging area and den-making area.

The unit also uses a buddying scheme where children of different cultures and home languages are partnered up to facilitate the development of language. Upon arrival, each child is assessed to establish their level of speech, language and communication and once completed, the teaching staff use this information to determine which direction is best for each individual child.

For those who require targeted support, specific targets are set and delivered on a one-on-one basis or in a small group. For those who are identified as needing specialist interventions, the unit works collaboratively with external professionals such as speech and language therapists, family support workers and pediatricians to ensure targets are addressed and met.

The efforts of staff, pupils and parents are clear to see. Upon arrival to the Foundation Unit, just less than 80% of pupils are below age-expected level; when progressing into the school, 55% of children are at age-expected level and more than 20% are above it.

Julie Nicholson, Language Lead at Bishop Alexander L.E.A.D. Academy said: "We are delighted that our team has won Early Years Setting of the Year 2017. It's a real honour. We are thrilled that our commitment to supporting speech, language and communication at all levels has been recognised in this national award. We truly believe that having speech, language and communication at the heart of all learning is key to making a real difference to our children on a daily basis."

Gareth Gates, host of the 2016/17 Shine a Light Awards, said: “The dedication of The Foundation Unit at Bishop Alexander L.E.A.D. Academy is outstanding. Being able to communicate with confidence is often taken for granted but for many it is an everyday struggle. I have found my stutter crippling at times but I have learnt ways to manage my difficulties with the support of others.

“It is heart-warming to know that other children and young people across England are getting the support they need to develop and achieve goals that may not have been possible otherwise. The Foundation Unit team should be extremely proud of their award.”

Chris Hall, Director of Clinical Assessment at Pearson, said: “Congratulations to The Foundation Unit at Bishop Alexander L.E.A.D. Academy for their Early Years Setting of the Year achievement. The commitment shown to improving its pupils’ abilities is amazing. The innovative use of language groups and reaching out to their local area means the unit is empowering so many children and young adults.

“This is the fifth year we have run the Awards and we remain blown away by the standard of applications. They give an amazing insight into the unsung work that is taking place across the country to improve the speech, language and communication skills of children and young people.”

Octavia Holland, Director of The Communication Trust, said: “Congratulations to The Foundation Unit at Bishop Alexander L.E.A.D. Academy and everyone who triumphed at the Shine a Light Awards. They have shown what can be achieved when expertise, enthusiasm and dedication is given to children and young people who struggle to communicate. These Awards highlight the very best practice that is taking place in settings across the country. We would like to say a huge thank you to Pearson for their long-standing support.”
