Basic Concept Scale **Third Edition**
Receptive

Dear Colleague:

It has come to our attention that the **Bracken Basic Concept Scale—Third Edition: Receptive (BBCS–3:R) Stimulus Book** requires minor revisions to the Colors—Items 1–10 page. We are contacting you because you have purchased one or more of the Stimulus Books.

The items in the original printing were not true to color specifications. For example, the black appears dark brown, and the blue appears periwinkle. To correct this we have enclosed a sticker of the paint box with corrected colors for each Stimulus Book you purchased. Peel off the sticker and place it over the paint box on stimulus page 3. Please make this revision as soon as possible to ensure that you have the most accurate Stimulus Book.

We apologize for any inconvenience this may cause you. **The Psychological Corporation** remains committed to the consistent quality of our products. If you have any questions or other issues regarding your **BBCS–3:R** components, please contact our **Customer Relations** department at **800-211-8378**.

Sincerely,

The BBCS–3:R Development Team
